

STC Underground Fundraising Campaign

Dear Friends:

STC Underground is a community teen center open, at no cost, to all Middle School and High School teens residing within St. Charles or attending Community Unit School District #303 schools. The facility is located in the lower level of the Baker Community Center in downtown St. Charles.

Created by local teens, STC Underground opened on January 2, 2001 as a safe, drug free, alcohol free, and professionally supervised facility. The attendance records clearly indicate that STC Underground Teen Center is enjoyed by teens of all ages.

St. Charles is a very generous community that supports its youth. STC Underground provides positive role models who encourage teens to take advantage of volunteer and leadership opportunities. Please consider making a tax deductible donation in support of STC Underground. Your contribution will help continue to provide facilities and programs for local teens.

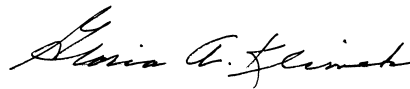

STC Underground - A unique place for teens
